HISTORY OF FALSE FLAGS

(https://kendoc911.files.wordpress.com/2015/03/falseflagmeme.jpg)

"False flag (or black flag) describes covert operations designed to deceive in such a way that the operations appear as though they are being carried out by entities, groups, or nations other than those who actually planned and executed them."
http://en.wikipedia.org/wiki/False_flag (http://en.wikipedia.org/wiki/False_flag)
———————-
Why do Governments create false flag attacks on their own people? So they can:
1) Create sanctions/restrictions/new laws.
2) Remove of civil freedoms/liberties via State of Emergency.
3) Create a State of fear resulting in public obedience, compliance and servitude.
4) Justify illegal wars in foreign countries.

OPERATION NORTHWOODS

(https://kendoc911.files.wordpress.com/2015/03/northwoodsmemorandum.jpg)

Operation Northwoods was a series of False flag proposals that originated within the United States Government in 1962. The proposals called for the Central Intelligence Agency (CIA), or other operatives, to commit acts of terrorism in U.S. cities and elsewhere. These acts of terrorism were to be blamed on Cuba in order to create public support for a war against that nation, which had recently become communist under Fidel Castro.

"The report's principal impact was its exposure of the systematic lying by successive administrations over the reasons for and the conduct of the US intervention in Southeast Asia.
The papers exposed as a fraud the so-called Gulf of Tonkin incident, an alleged attack by Vietnamese PT boats on a US destroyer that was the pretext given by Johnson for obtaining a congressional resolution granting a virtual blank check to wage war in the region. They further established that Johnson, while campaigning for election in 1964 on the claim that he would not "seek a wider war" in Vietnam, had already drawn up plans to send in more troops and bomb North Vietnam."

OKC BOMBING

"The Oklahoma City bombing was a terrorist bomb attack on the Alfred P. Murrah Federal Building in downtown Oklahoma City on April 19, 1995. It was the most destructive act of terrorism on American soil until the September 11, 2001 attacks."

"Within 90 minutes of the explosion, Timothy McVeigh was stopped by Oklahoma State Trooper Charlie Hanger for driving without a license plate and arrested for unlawfully carrying a weapon.[8][9] Forensic evidence quickly linked McVeigh and Terry Nichols to the attack; Nichols was arrested,[10] and within days both were charged. Michael and Lori Fortier were later identified as accomplices."

It's interesting to note that several of the same engineers that investigated the OKC Bombing were on the same team that Investigated the WTC "collapse"

"Why do the same five or so individuals turn up in investigations relating to terrorist attacks, when, according to the American Society of Civil Engineers (ASCE), there are 1.5 million engineers in the US? "A trial over evidence and conspiracy theories from the Oklahoma City bombing wrapped up here, with a shocking twist.

As a trial over documents and videotape the FBI had from the 1995 bombing that killed 168 ended on Thursday, the man suing the federal government claimed one of his witnesses had been told not to show up — or else.

Jesse Trentadue said John Matthews, whom he claimed worked as an undercover government operative in the militia movement in the 1990s, had been contacted by an FBI agent and told "it would be best if he didn't show up to testify."

1993 WTC BOMBING

(https://kendoc911.files.wordpress.com/2014/12/wtc_1993_atf_commons.jpg)

The World Trade Center bombing occurred on February 26, 1993, when a truck bomb was detonated below the North Tower of the World Trade Center in New York, NY. The 1,336 lb (606 kg) urea nitrate–hydrogen gas enhanced device[1] was intended to knock the North Tower (Tower One) into the South Tower (Tower Two), bringing both towers down and killing thousands of people.

PATRICK CLAWSON

Israel Lobbyist – We Need a False Flag to Start War with Iran!
http://www.youtube.com/watch?v=PfoaLbbAix0 (http://www.youtube.com/watch?v=PfoaLbbAix0)

"I frankly find that crisis initiation is really tough. And it's very hard for me to see how the United States President can get us into war with Iran. Which leads me to conclude that if in fact compromise is not coming that the traditional way that America gets to war is what would be best for U.S. interests.

Some people might think that Mr. Roosevelt wanted to get us into World War II, as David mentioned, you may recall we had to wait for Pearl Harbor. Some people think Mr. Wilson wanted to get us into World War I, you may recall we had to wait for the Lusitania episode. Some people might think that Mr. Johnson wanted to send troops to Vietnam, you may recall we had to wait for the Gulf of Tonkin episode. We didn't go to war with Spain until the USS Maine exploded. And may I point out that Mr. Lincoln did not feel he could call out the Federal Army until Fort Sumter was attacked which is why he ordered the commander of Fort Sumter to do exactly that thing which the South Carolineans had said would cause an attack.

So if in fact the Iranians aren't going to compromise, it would be best if somebody else started the war. One can combine other means of pressure with sanctions. I mentioned that explosion on August 17th. We could step up the pressure.

I mean look people, Iranian submarines periodically go down, some day one of them might not come up, who would know why? We could do a variety of things if we wish to to increase the pressure. I'm not advocating that, but I'm just suggesting that this is not an either or proposition, you know it's just sanctions have to succeed or it's other things.

We are in the games of using covert means against the Iranians. We could get nastier." ~ Patrick Clawson. September 21st, 2012.

"The USS Liberty incident was an attack on a United States Navy technical research ship, USS Liberty, by Israeli Air Force jet fighter aircraft and Israeli Navy torpedo boats, on June 8, 1967, during the Six-Day War. The combined air and sea attack killed 34 crew members (naval officers, seamen, two Marines, and one civilian), wounded 170 crew members, and severely damaged the ship. At the time, the ship was in international waters north of the Sinai Peninsula, about 25.5 nmi (29.3 mi; 47.2 km) northwest from the Egyptian city of Arish."

Israeli forces attacked the USS Liberty during the Six Day War in 1967. LBJ wanted the Liberty sunk to "the bottom of the sea".

To make things simple,

The USS Liberty is an example of a false flag attack where as Israel deliberately attacked the USS Liberty in June 1967 and tried to pin the blame on Egypt so that the US would join the war in support of Israel. Only they got caught staging the event.

"The King David Hotel was the site of the British military command and the British Criminal Investigation Division. The Irgun chose it as a target after British troops invaded the Jewish Agency June 29, 1946, and confiscated large quantities of documents. At about the same time, more than 2,500 Jews from all over Palestine were placed under arrest. The information about Jewish Agency operations,

including intelligence activities in Arab countries, was taken to the King David Hotel."

SS PATRIA

(https://kendoc911.files.wordpress.com/2015/03/sspatria.png)

"The Patria disaster on 25 November 1940 was the sinking by the Haganah of a French-built ocean liner in the port of Haifa. 260 people were killed, and 172 were injured. [1]
At the time of the sinking, the Patria was carrying around 1,800 Jewish refugees from Nazi-occupied Europe who were being deported by the British to Mauritius, because they did not possess entry permits. The deportation was opposed by Zionist organizations including the underground paramilitary Haganah group, which planted a bomb with the intention of disabling the ship to prevent it from leaving Haifa."

Terrorist Plots, Hatched by the F.B.I.
http://www.nytimes.com/2012/04/29/opinion/sunday/terrorist-plots-helped-along-by-the-fbi.html (http://www.nytimes.com/2012/04/29/opinion/sunday/terrorist-plots-helped-along-by-the-fbi.html)?

"THE United States has been narrowly saved from lethal terrorist plots in recent years — or so it has seemed. A would-be suicide bomber was intercepted on his way to the Capitol; a scheme to bomb synagogues and shoot Stinger missiles at military aircraft was developed by men in Newburgh, N.Y.; and a fanciful idea to fly explosive-laden model planes into the Pentagon and the Capitol was hatched in Massachusetts.

But all these dramas were facilitated by the F.B.I., whose undercover agents and informers posed as terrorists offering a dummy missile, fake C-4 explosives, a disarmed suicide vest and rudimentary training. Suspects naïvely played their parts until they were arrested."

US Intelligence Officer: "Every Single Terrorist Attack In US Was A False Flag Attack"

"Most terrorists are false flag terrorists, or are created by our own security services. In the United States, every single terrorist incident we have had has been a false flag, or has been an informant pushed on by the FBI. In fact, we now have citizens taking out restraining orders against FBI informants that are trying to incite terrorism. We've become a lunatic asylum." – David Steele (20-year Marine Corps intelligence officer)

Fifty Terror Plots Foiled Since 9/11: The Homegrown Threat and the Long War on Terrorism
http://www.heritage.org/research/reports/2012/04/fifty-terror-plots-foiled-since-9-11-the-homegrown-threat-and-the-long-war-on-terrorism (http://www.heritage.org/research/reports/2012/04/fifty-terror-plots-foiled-since-9-11-the-homegrown-threat-and-the-long-war-on-terrorism)

"Since 9/11, at least 50 publically known attempted terrorist attacks against the U.S. have been foiled—of these, at least 42 could be categorized as homegrown plots."

"Since 9/11, terrorist networks have been dismantled, training camps have been dispersed, and the terrorist leadership largely decimated. Internationally, al-Qaeda has become more decentralized, leading to a greater dependence on its affiliates and allies. At the same time, since increased domestic security has made it harder for terrorists to plan and carry out attacks, terrorists must increase their baseline skills and capabilities needed for a successful attack in the United States."

CIA Admits It Was Behind Iran's Coup
http://www.foreignpolicy.com/articles/2013/08/18/cia_admits_it_was_behind_irans_coup (http://www.foreignpolicy.com/articles/2013/08/18/cia_admits_it_was_behind_irans_coup)

"Sixty years ago this Monday, on August 19, 1953, modern Iranian history took a critical turn when a U.S.- and British-backed coup overthrew the country's prime minister, Mohammed Mossadegh. The event's reverberations have haunted its orchestrators over the years, contributing to the anti-Americanism that accompanied the Shah's ouster in early 1979, and even influencing the Iranians who seized the U.S. Embassy in Tehran later that year.
But it has taken almost six decades for the U.S. intelligence community to acknowledge openly that it was behind the controversial overthrow. Published here today — and on the website of the National Security Archive, which obtained the document through the Freedom of Information Act — is a brief excerpt from The Battle for Iran, an internal report prepared in the mid-1970s by an in-house CIA historian."
